Let me invite you to join us at the ChristCentral School of Leadership based in Sheffield. From our UK base we also work with training bases in other nations.

This is a two year course for anyone who is called to some form of leadership in the church or in the wider world. The School of Leadership gives you a solid grounding in biblical theology, a deeper understanding of church history, time to consider leadership issues and an opportunity to grow in your personal calling.

We combine quality teaching, interactive forums and shared learning in a relaxed environment.

If you are interested in receiving formal recognition for your studies, we are partnering with Moorlands College. Enrolled students meeting certain criteria over the two years on School of Leadership, will also receive a Moorlands Diploma. This can be used to gain advanced standing for entry onto the Moorlands BA in Applied Theology course.

I would be delighted to welcome you on to the School of Leadership in September 2017. To find out more get in touch with us via the details overleaf.

Martin.

“

The Bible has been brought to life even more and the course has given me a passion for a life rooted deeper in scripture. I literally haven't been able to put it down since starting!

EDD, BLACKPOOL

For me School of Leadership is the absolute highlight of each month, and something I really look forward to. It is such a privilege to sit and listen and learn from experienced, knowledgeable and gifted people, who have 'been there, done that' - and can explain the biblical foundations behind it!

KIM, SHEFFIELD

School of Leadership has been great to be a part of. The teaching is accessible and yet has depth. There is time consistently given to digest the information in groups and then feed back for questions and answers to hear different angles on any given topic. If you can go on the course .. then go!
