INTO THE WORD

Having been a church leader for many years, and as current ChristCentral Training Director, I have come to the conclusion that one of the greatest needs of Christians is to gain confidence in using the Bible. Gaining this confidence enables us as Christians to use it effectively in our personal lives, our witness to others, and our church ministries.

On the videos we'll be looking at key skills for getting the most out of the Bible; essentially, we will identify how the Bible fits together and how we understand the use of the different books. Therefore, *'Into the Word'* is designed to help you on the journey to being fully equipped in using the Bible. It will be hands-on learning with presentations, discussions and application led by a local Facilitator. It's open to all and I promise you an exciting ride!

Martin.
